Advances in Botanical Research

Advances in Botanical Research

Edited by J.A. Callow and supported by an international Editorial Board, **Advances in Botanical Research** publishes in-depth and up-to-date reviews on a wide range of topics in plant sciences. Currently in its 41st volume, the series features a wide range of reviews by recognized experts on all aspects of plant genetics, biochemistry, cell biology, molecular biology, physiology and ecology. This eclectic volume features five reviews on cutting-edge topics of interest to post-graduates and researchers alike.

Advances in Botanical Research is a multi-volume publication that brings together reviews by recognized experts on subjects of importance to those involved in botanical research. First published in 1963, **Advances in Botanical Research** has earned a reputation for excellence in the field for more than thirty years. In 1995, **Advances in Botanical Research** was merged with **Advances in Plant Pathology** to provide one comprehensive resource for the plant science community, with equal coverage of plant pathology and botany in both thematic and mixed volumes.

- * Multidisciplinary reviews written from a broad range of scientific perspectives
- * For over 40 years, series has enjoyed a reputation for excellence
- * Contributors internationally recognized authorities in their respective fields
