### ABOUT THE BOOK

Since its founding in 1917, Forbes has been providing insights, information, and inspiration to ensure the success of those who are dedicated to the spirit of free enterprise.

Its flagship publications, *Forbes* and *Forbes Asia*, reach a worldwide audience of more than six million readers and its website, Forbes.com-the leading business site on the Web-attracts an audience that averages 30 million people per month. Forbes also publishes *ForbesLife* magazine and licensed editions in more than 25 countries around the world.

Lewis DVorkin has always appreciated the importance of clarity, particularly in his professional life and in the media he consumes. When he first came to Forbes in the mid-1990s, he completely understood the brand and its voice. Then he left for AOL as the millennium turned. It was obvious the news cycle was getting faster and digital media was the place to be. After that, he founded a startup, True/Slant. He had a clear idea - well, he hoped he did - for a new way to produce news.

Two years ago, he sold that company to Forbes, one of his investors. In re-joining a trusted brand and people he trusts as the chief product officer, he saw a direct path for the True/Slant team to take its ideas to a bigger stage. It's worked out great. Why? Lots of reasons, especially this one: the clarity and strength of the Forbes mission.

Journalism at Forbes is rooted in the conviction that success results from free enterprise, the entrepreneurial spirit, smart investing - and living a life beyond the mere accumulation of dollars. Forbes is about aspiration. That message has given tremendous focus to the task of dramatically re-imagining our products and culture in the era of digital publishing and social media.

### ABOUT THE AUTHOR

Lewis DVorkin serves as Chief Product Officer at Forbes Media. His long journey has taken him from The New York Times, Newsweek and The Wall Street Journal, to tabloid TV, AOL-and an instrumental role in launching TMZ.com. DVorkin has lived through a newspaper strike (sounds quaint, right?), the New York City Black Out in '77, and a bout with the Cabbage Patch Dolls. He was the founder and CEO of True/Slant, which Forbes invested in and later acquired.

DVorkin first got hooked on the News business as the student editor of the Daily Iowan during the days of Vietnam, Watergate and Roe v. Wade. He can quote all the best lines from *All the President's Men*, and still thinks Howard Beale did it better than all the real-life pretenders who followed him. DVorkin would like to express his gratitude to James Bellows-a truly gifted editor, an extraordinary human being and a mentor.

### EXCERPT FROM THE BOOK

Entrepreneurial Journalism means digital screens that come alive with individual voice, real-time activity and dynamic content, not the homogenized, lifeless and static news pages I see on so many other news sites. When I spoke with Forbes staff reporter Deborah Jacobs about this change, she replied, "You know what's changed for me at Forbes? I now write for my audience, not my editor."

That's what our new model is about - listening and engaging with news consumers. Then we trust our full-time reporters and knowledgeable contributors to respond by producing content that meets their needs. And lots of it! Digital audiences can't seem to get enough information, so it's our job to supply it. Our unique model enabled us to provide them with quality, quantity and variety across eight key verticals, or subject areas. Our individually branded content creators, not burdened by outdated bureaucratic journalistic layers, use the publishing tools we built for them to turn out thousands of posts - nearly 100,000 in 2011. It was all about putting business topics (like this post on Best Buy) and cultural events (like this one on Snooki) through the Forbes prism of free enterprise, entrepreneurial capitalism
