Rwanda, guerra i pau: les claus per entendre un conflicte (eBook) (Catalan Edition) Jaume Suau Puig
El genocidi rwandès del 1994 representa, no tan sols per a l'Àfrica Central, sinó, també, pel conjunt de la humanitat, un dels esdeveniments més importants i colpidors de la fi de segle i del mil·lenni. Les matances organitzades pel règim rwandès provocaren la mort, en tres mesos, d'un 75% - 80% de la minoria tutsi. Però també foren assassinats hutu moderats o aquells que s'oposaven al règim. En conjunt, foren a l'entorn de 800.000 víctimes. Un 10% de la població del país. Com el podem explicar? L'objectiu del llibre és fer comprensible el llarg procés històric que va de la colonització alemanya i belga, al genocidi i a les lluites actuals de la regió del Kivu, a la República Democràtica del Congo. El llibre ofereix, també, un recull de testimoniatges de protagonistes directes del conflicte que ens ajuden a entendre'n aspectes claus, com el de les responsabilitats de les massacrades, les vivències dels qui les perpetraren i els dels qui en sobrevisqueren; el de les dones tutsi, víctimes destacades de les atrocitats que les acompanyaren; els dels hutu que tot i jugar-s'hi la vida, salvaren la vida de persones perseguides i, finalment, també tracta de les possibilitats de recuperar la pau i la "normalitat" al país.
