Advanced Endourology (Current Clinical Urology) Stephen Y. Nakada, Margaret S. Pearle

Leading national and international urologists in the field of endourology describe standard and advanced endoscopic procedures for treating upper-tract pathology. The authors provide step-by-step instructions for the latest endoscopic procedures, ranging from upper urinary tract calculi and strictures to urothelial cancer. *Advanced Endourology: The Complete Clinical Guide* offers practicing urologists and urology residents not only a comprehensive, illustrated guide to endourological techniques-particularly the more advanced procedures-but also a practical means to expand the range and scope of the procedures they perform.
