Disinherited Majority: Capital Questions-Piketty and Beyond Charles Derber

Thomas Piketty's blockbuster 2014 book, *Capital in the 21st Century*, may prove to be a game-changer, one of those rare books such as Friedan's *The Feminine Mystique*, which helped spark a new feminist movement. The world-wide flood of commentary suggests Piketty's book has already opened a new conversation not only about inequality, but about class, capitalism and social justice. Inherited wealth is at the heart of *Capital in the 21st Century*, and Derber shows how the 'disinherited majority' is likely to affect the future. In his new book, Derber shows that there are actually 'two Pikettys' - different voices of the author on the 1%, inheritance, and capitalism itself - that create a fascinating and unacknowledged hidden debate and conversation within the book. Drawing on Piketty's discussion, Derber raises fourteen 'capital questions' - with new perspectives on caste and class warfare, the Great Recession, the decline of the American Dream and the Occupy movement - that can guide a new conversation about the past and future of capitalism. The *Disinherited Majority* will catalyse a conversation beyond Piketty already emerging in colleges and universities, town halls, coffee shops, workplaces and political parties and social movements; an essential class for all Americans.
