This book is designed to be a practical guide to jump start your learning about what's coming up in SharePoint 2013. The focus is on Team Sites - not Publishing Sites - and specifically the visual elements of the sites. Topics covered are:

- Overview of SharePoint 2013 Team Site
- Security access management
- Branding sites using Themes
- Understanding SharePoint Apps
- Managing documents in Team Sites and MySite
- List management
- Searching within site collection
- Social features of SharePoint 2013

This is an enhanced eBook and will work best on eReaders with image viewing and video watching capabilities.

This book's target audience is the Power User of SharePoint. A Power User is more advanced and empowered than an end user, but is not a hardcore developer or an IT administrator. Having said that, end users, developers and IT professionals can also greatly benefit from the knowledge in this book to prepare themselves for what's coming in the next version of SharePoint.

Purchase of this book entitles the purchaser to 1 free month of access to all of the video tutorials at the SharePoint-Videos.com site. Please email books@sharepointElearning.com with the proof of purchase and you will be setup with your free 1 month access to the site.
