Autonomy & Disintegration Indonesia

Fragmentation in Indonesia is by far the most critical issue now facing the state. This book analyses social unrest, autonomy and separatism in the wake of the Indonesian economic crisis, placing them in the context of state evolution, and looking at the competing aims of economic and political globalization with local agendas. Topics covered include Indonesian nationalism in historical perspective, identity and the nation-state, NGO activism, and case-studies from Aceh, Papua, East Timor and Sumatra.
