**El diagnóstico pedagógico didáctico (Cuadernos de Investigación) (Spanish Edition)** Mercedes Civarolo  
Cómo habitan democráticamente los actores las instituciones educativas? Esta es la pregunta que articula las respuestas que estudiantes universitarios, directivos y estudiantes de escuela media construyen a la hora de posicionarse en la tan compleja vinculación entre lo pedagógico y lo político. Distintos actores –distintas posiciones– nos introducen en la problemática de la democracia escolar y en las formas reales en que los actores se apropian críticamente de los espacios y tiempos institucionales, dejando siempre inaugurado el interrogante acerca de si nuestras instituciones educativas son más democráticas. Este texto ofrece preguntas y claves para transitar hacia la construcción de instituciones educativas más democráticas, desafío en el que las Universidades Públicas ocupamos un lugar central.
