Practical Cattle Farming

Kat Bazeley, Alastair Hayton

Practical Cattle Farming Kat Bazeley, Alastair Hayton

Practical Cattle Farming is written by two experienced, practising veterinarians, and covers the essential elements of beef and dairy cattle farming and the latest cutting-edge scientific research, and is therefore of value both to the novice and to those with experience. The text is clearly written and includes helpful explanatory notes and detailed practical information. Examines the principles of beef and dairy production, and the husbandry of cattle from the newborn calf to adulthood. Explores the practical aspects of nutrition, housing, grazing and fertility management including the common problems, how these may be identified and corrected, and some of the economic factors that must be considered. Analyses the principles of disease prevention and control in order to maximize the success of the cattle unit. Outlines the factors that determine the welfare of the cattle and the relevant English laws. Essential reading for all beef and dairy cattle farmers, those working in industries associated with cattle farming, and agricultural and veterinary students. Provides practical guidance on all aspects of cattle farming. Fully illustrated with 150 colour photographs and 40 diagrams and drawings. Kat Bazeley and Alastair Hayton are two experienced, practising veterinarians.

From reader reviews:

Toby Terry:

Book is to be different for every grade. Book for children till adult are different content. As you may know that book is very important for us. The book Practical Cattle Farming was making you to know about other information and of course you can take more information. It is quite advantages for you. The book Practical Cattle Farming is not only giving you much more new information but also to get your friend when you truly feel bored. You can spend your spend time to read your guide. Try to make relationship together with the book Practical Cattle Farming. You never really feel lose out for everything if you read some books.

Deborah Anderson:

Precisely why? Because this Practical Cattle Farming is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will jolt you with the secret the idea inside. Reading this book alongside it was fantastic author who write the book in such awesome way makes the content interior easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of rewards than the other book have got such as help improving your ability and your critical thinking approach. So , still want to postpone having that book? If I have been you I will go to the publication store hurriedly.

Marvin Boyer:

Practical Cattle Farming can be one of your basic books that are good idea. Many of us recommend that straight away because this book has good vocabulary which could increase your knowledge in terminology, easy to understand, bit entertaining but nevertheless delivering the information. The writer giving his/her effort to place every word into satisfaction arrangement in writing Practical Cattle Farming however doesn't forget the main position, giving the reader the hottest and based confirm resource info that maybe you can be considered one of it. This great information can draw you into brand new stage of crucial pondering.

Eli Benton:

This Practical Cattle Farming is great reserve for you because the content that is full of information for you who all always deal with world and possess to make decision every minute. This kind of book reveal it details accurately using great organize word or we can say no rambling sentences inside it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but difficult core information with splendid delivering sentences. Having Practical Cattle Farming in your hand like keeping the world in your arm, data in it is not ridiculous one. We can say that no publication that offer you world throughout ten or fifteen tiny right but this e-book already do that. So , this can be good reading book. Hey Mr. and Mrs. active do you still doubt which?
