## Supportive Cancer Care with Chinese Medicine

Cancer is a chronic disease. There are increasing cancer survivors after curative cancer treatment and this makes supportive cancer care an important area that more attention is needed. Chinese medicine has a long history of practice; it has aroused much interest from both Oriental and Western countries. A number of laboratory evidences and clinical trials demonstrated the effectiveness and ef?cacies of Chinese medicine for supportive cancer care. This book attempts to take a comprehensive approach to overview the different areas of Chinese medicine for supportive cancer care. This book not only serves as an introduction to novices to the area and a useful reference for those already involved, but also serves as a stimulus to these and others to employ alternative approaches to current cancer care. Hong Kong William C. S. Cho December 2009 v
