Today's new-home buyers face unprecedented opportunity *and* risk. Thanks to recent builder innovations and lower house payments, buyers have the opportunity of a lifetime to build the house of their dreams. Yet given recent history of unprecedented depreciation in home values, consumers venturing into the new-home market take a big chance.

In *The New, New Home*, Boyce Thompson, the editorial director of *Builder* magazine for 17 years, demystifies the challenges and opportunities facing new homebuyers. In it, he lays out the new green, high-tech, aging in place, space planning, and construction options available in today's market. He helps buyers determine which features will improve their living experience today *and* create value if they sell their home down the road.

The New, New Home is the one book that anyone contemplating buying or building a new home needs to read. It arms new-home buyers with the actionable information that they need to make intelligent choices.
