Incubus of Your Sacred Emasculation makes the case that Modern Man was psychologically neutered and denatured beyond his dimmest dreams, and that his grandson, the Postmodern First World Man has been reduced to the social status of the eunuch of old, and possibly prefigures a drone-like future. This politically incorrect screed describes the process by which men have been invalidated through conquest, civics, and literature. The author makes the case that as long as civilizations have risen men have been systematically emasculated, and goes onto interpretations of Gilgamesh, The Iliad, The Odyssey and Beowulf that reflect on the authors of these ancient works as having been cognizant of this process.
