**Cognitive Psychology In and Out of the Laboratory** Kathleen M. Galotti

*Cognitive Psychology In and Out of the Laboratory* provides a student-centered approach for undergraduate courses in cognitive psychology. Kathleen Galotti's accessible writing style and use of colorful real-life examples bring the full relevance of cognitive psychology into focus for students, and equips them to understand how theoretical principles apply to real-world problems and the complex functions of the human brain. The text features special coverage of the development of cognition from infancy through adolescence, and extensive coverage of gender, individual differences, and cross-cultural approaches to cognition.
