Darrel heads to the department store, still not sure if Jodie will be there even though she's always shown up when she says she will. Sure enough, she meets him and she's dressed even more suggestively than before. It takes her no time at all before she leads him to the dressing room under the pretense of using him to model clothes. There's only one problem... his erection is too big and that means the clothes won't fit right! Hmmm... how can this little tease find a way to deal with that?

Warning: This ebook contains very explicit descriptions of sexual activity and includes public sex and handjob. Only mature adults who won't find that offensive should read this story.

Here is a preview:

He gulped and she backed away but leaned forward a bit, making the view of her cleavage more obvious and more desperately frustrating. She kept leaning forward and suddenly her fingers curled into the waistband of his jeans. "Take these off," she said.

His heart leapt and he reached for the button and got to work on it. She moved her hands out of the way and he unzipped and opened his fly. He paused and she said, "All the way off, silly." He gulped again and kicked off his shoes. A moment later, his jeans were pooled at his feet. "Well, that's not all the way off," she teased. He stepped out of them and kicked them to the side. It was scary and exhilarating at the same time to have nothing but his socks, underwear, and tee shirt on in front of her. She smiled and held out the new pair of jeans.

He felt a flush of embarrassment and a great deal of disappointment as he reached for them but she pulled them back suddenly and said, "Oh, that won't do."

He looked at her in confusion as she tossed the new pair on the wooden bench and reached for him. Her fingers closed over the hard bulge of his crotch as she said, "With this thing in the way we'll never be able to see if the jeans have a good fit." The feel of her hand was shockingly good and he couldn't help but let out a little moan. "Hmmm," she said. "How could we get this problem resolved?"

He didn't know if she expected a response or if she were being rhetorical so he didn't say anything but instead just stared down at her hand. "Let's take a closer look," she said. A moment later, she was on her knees and he stared down in wonder at her.
